CATERING ADVICE									
<p><i>The Australian Defence Force (ADF) is unable to provide a severe food allergy free environment (such as from peanuts) in relation to the consumption of food during cadet activities. Such a risk may be life threatening for people who suffer from a severe food allergy. Parents may consider it is in their child's best interest not to allow participation of their child in the proposed activity. In the event that the child is allowed to attend a catered cadet activity, the parents may choose to provide, at their own expense, sufficient food to cover the duration of the activity.</i></p>
